

Net Weight

lb (kg)

Keep vent
end up,
do not
roll

Industrial use only - Not for human consumption or household use

Active Ingredients: Hydrogen Peroxide	25%
Inert Ingredients:	75%
Total.....	100%

Hazard Statement

Health:

- **DANGER!**
- Corrosive to eyes. Direct eye contact may cause irreversible tissue damage including blindness.
- Inhalation of mist or vapor could cause irritation of lungs, nose and throat, that usually subsides after exposure ceases.
- **Do not ingest**
- Corrosive to gastrointestinal tract. May be fatal if swallowed.

Physical:

- **Oxidizer** - Initiates combustion in other materials due to the release of oxygen and heat.

First Aid:

- In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. See a physician. Wash clothing before reuse.
- If swallowed, drink plenty of water to dilute, do not induce vomiting. See a physician immediately.

Storage and Handling

- Keep container in cool place. (Avoid excessive heat)
- Store only in vented containers.
- Storage should conform to standards in NFPA Bulletin 430.
- Avoid contamination - Contamination could cause decomposition and generation of oxygen which may result in high pressures and possible container rupture.
- Do not return unused material to the original container.
- Wear cup type chemical safety goggles. For added protection a full face shield can be worn in conjunction with goggles. Use only suitable protective clothing, e.g., rubber, neoprene or synthetic fibers. (Avoid cotton, wool and leather)
- Use glass, stainless steel, aluminum or plastic materials when handling hydrogen peroxide.
- Empty drums should be triple rinsed with water before discarding.
